CHELSEA CLINTON

Treated a man to sushi at Haru.

Whether the tall, lean dude with eyeglasses gave **Chelsea Clinton** a standing ovation, this I don't know. But they were touchy-feely over pinot grigio, spicy tuna, cucumber rolls, shrimp tempura, eel and a side of jalapeño at Gramercy Park's Haru. Chelsea paid the \$66.70 tab ... MTA \$70 sneakers, bearing subway logos and made by a company owned by **Jay-Z** and sold where homeboy types shop, are the newest in-est biggest thing.
